Encl: (1) Radiological Affairs Support Office (RASO) Report No. 117A
of 15 August 1978

1. In accordance with references (a) and (b), Mr. J. J. Orr and HMC R. Wise, USN, of the Naval Nuclear Power Unit, Radiological Affairs Support Office conducted a technical assistance visit at the Naval Air Station, Agana, Guam on 19 July 1978. The purpose of the visit was to review ionizing radiation safety covering both licensed and non-licensed radioactive material and machines which produce ionizing radiation; to review implementation of the recommendations from reference (c); and to provide assistance in maintaining a unified radiation safety program.

2. Findings of the visit and recommendations to improve the radiological safety program are provided in enclosure (1).

3. Additional clarification of findings or recommendations contained in enclosure (1) and/or assistance in implementing recommendations may be obtained by contacting the Radiological Affairs Support Office, Naval Nuclear Power Unit, AUTOVON 360-4161. It is requested that this activity be notified in writing within ninety (90) days of the receipt of this report of actions taken or planned on all recommendations.
